Hunter Education Office, Kamuela, HI

Total Applications Received: 72

Total Applications Drawn: 72

Percentage of Applications Drawn: 100%

Total Individual Applicants: 231

Total Individual Applicants Drawn: 231

Percentage of Individual Applicants Drawn: 100%

Summary:

There were 350 available slots for hunters to be selected in our Puu Waawaa Forest Reserve Mauka Ungulate Control Program. To accommodate for the high demand for hunting in this area as shown in previous years, we initially decided to limit the hunting trips to one (1) hunt per hunter. However, we unexpectedly received very few applicants for this year's program. There were a total of 231 applicants. Consequently, there were several unfilled hunting slots after the first draw. Under these circumstances, we decided to redraw from the overall applicant pool to fill the remaining hunting slots. **Therefore, some applicants were selected to hunt on multiple dates.**

To accommodate all interested hunters we will be removing the 1 day hunting limit. Hunters will now be allowed to hunt on their selected date(s) and/or hunt as standby participants whether they applied to hunt or not. Hunters will be allowed, as space is available, to hunt in the PWW Mauka section throughout the entirety of the program (August 29 – September 13, weekends and State holidays only) until their non-typical ram tag is filled. Hunters that were drawn on specific dates will be allowed to enter the hunting area at 5:00 am on their selected date(s). Hunters that were selected but would like to hunt on a date(s) that they were not selected will be allowed to standby. Hunters that did not apply, but would like to will also be allowed to standby. Standby hunters will be allowed access on a first-come-first-served basis as space is available (limit of 50 hunters in the area) after 9:00 am on the day of the program.

Some frequently asked questions:

1. Can tags from PWW Makai (Non-typical and Goat) and PWW Youth and Disabled Hunt (Non-typical tags only) be used in the PWW Mauka Program?

YES

2. Can tags be purchased at the check station?

YES. Tags will be sold at the check station for the entirety of the program.

3. What is the season limit for PWW Makai Archery and PWW Makai Muzzleloader?

The PWW Makai Archery season is separate and distinct from the PWW Makai Muzzleloader season. Each season has a limit of one (1) non-typical ram, three (3) goats, and one (1) pig. Therefore, there is a potential to harvest up to two (2) non-typical rams, six (6) goats, and two (2) pigs should you successfully hunt in both the archery and muzzleloader seasons. You must purchase a tag for each goat or sheep that you intend to harvest. There is no pig tag, and the limit of one per season is on an honor-based system.

4. Will an unused tag from PWW Makai archery season be valid for the PWW Makai Muzzleloader season?

YES

5. Can I hunt more than one day in the PWW Mauka area?

YES.

6. Do I need to purchase tags to participate in the PWW Ungulate Control Program?

YES.

For answers to any other questions regarding the PWW Mauka Ungulate Control Program please call the Kamuela DOFAW office at (808) 887-6063.
